THE CASE OF CLARK.

Senate Undecided as to What Action Should Be Taken.

DIFFICULT PROBLEM.

There Is a Sentiment to Delay His Resignation and Let Congress Adjourn Without Action. Gov. Smith Is Worried.

Washington, May 17.—While there is much discussion among the senators on the action of Senator Clark of Montana, there has not been sufficient crystallization of sentiment to justify a conclusion as to what the final result may be. A meeting of the committee on privileges and elections has been called for tomorrow to consider what course shall be pursued in view of Senator Clark's resignation with reference to the committee's resolution declaring the seat vacant. The members of the committee say they are not now prepared to predict what course the committee will recommend.

The present purpose is to move the reference of the senator's credentials, when they are presented to the senate, to the elections committee. The indications are at present that this reference will be opposed by some of Mr. Clark's friends who take the position that if this disposition be made of the credentials it would be for the purpose of delaying a report as to prevent action upon the case during the present session of congress and thus practically prevent Mr. Clark's resuming his seat at all, as a new legislature will convene in Montana next January, a month after the opening of the next session of congress.

It is now admitted that the purpose of moving the reference of the credentials will be found in the desire to investigate the question involved in the appointment. It is thought by some senators that Governor Smith will have a presentation of facts to make which it will be necessary to consider.

The resignation and appointment constitutes almost the exclusive topic of conversation among senators. The situation is unparalleled in the senate.

MANY BILLS PASSED.

Senate Disposes of a Number of Measures Pending—House Does Little.

Washington, May 17.—Discussion of the administration of affairs in Cuba by agents of the United States occupied the attention of the senate during the greater part of yesterday's session. Mr. Bacon of Georgia addressed the senate at length on his resolution directing the committee on relations with Cuba to make an investigation of the financial conduct of affairs of the island.

The following measures were passed: House bill repealing the provisions of laws allowing merchandise passing through the United States from any foreign country to be transported free of duty so far as the Mexican zone is concerned.

A resolution offered by Mr. Lodge calling on secretary of treasury for information in regard to the influx of Japanese laborers into the country and whether there had been any violation of the contract labor law.

A bill to pay the estate of James Young \$10,383, in full settlement of claims upon the United States for damages done by its troops near Middletown, Pa., during 1898.

Granting a pension of \$100 a month to the widow of General Lawton.

For the erection of a public building at East St. Louis.

Amending the act granting right of way to the Fort Smith and Western railway company through Indian Territory.

Revising the act of 1888 concerning the charge of desertion.

To facilitate the entry of steamships engaged in the coasting trade between the United States and Puerto Rico and between the United States and Hawaii.

This bill is intended to restore a privilege which coasting vessels enjoyed before the annexation to the United States.

Appropriating \$250,000 to establish a branch soldiers' home at Johnson City, Tenn.

Providing that all honorably discharged soldiers or marines who saw service in the civil war, in the Spanish or in the Philippine war shall be given preference in civil service appointments, age or loss of limbs not being regarded as a disqualification.

Fixing the compensation of the surfman employed by the life saving service at \$65 per month.

Amending the United States statutes in relation to taking depositions.

Seventy-seven private pension bills were also passed.

A conference report on the District of Columbia appropriation bill was agreed to without debate.

The house accomplished little, besides

passing the senate bill to incorporate the American National Red Cross. No progress was made with the Alaskan code bill owing to the inability of the two sides to agree as to the time to be allowed for general debate.

Charges Against Navy Officers.

Washington, May 17.—Congressman Cannon accuses Admiral Bradford and Commander Todd of trying to influence legislation by sending out circulars in violation of the navy rules to keep the survey work in the navy.

THOMPSON ARRESTED.

He Makes Confession as to His Part in Cuban Postal Frauds.

Havana, May 17.—Warrants were issued for the arrest of E. P. Thompson, the Havana postmaster, H. Reeves, deputy auditor of the island and Edward Moya and Jorge Mascaro, Cuban clerks in the stamp department, and all were lodged in jail. This was done under the advice of the postal inspectors who arrived. It is considered now that Reeves is equally guilty with Neely.

Investigation as to the record of the clerk in the military department who handled several hundred dollars' worth of stamps proves that the transaction so far as he is concerned was legitimate.

The arrest of Thompson caused great surprise in the city. It is looked upon as the precursor of many other arrests.

Postmaster Thompson has signed a sworn statement in which he says that Sept. 15 last, being in need of money he took from the money order funds \$435, giving his memorandum as a receipt for the same. When the inspections were held Mr. Thompson ordered a clerk in charge of the money order department to place remittances received that day, which would not have to be accounted for until the following day, sufficient to cover the amount of his receipt which was withdrawn until after the inspection. This was kept up until April 27, when the agents unexpectedly discovered the receipt which Mr. Thompson then paid. He also admits that Charles F. Neely, late financial agent of posts at Havana, indorsed a bill for \$350 which Thompson had discounted by the North American Trust company. Thompson admits other irregularities in connection with his department.

DRUNKEN NEGROES.

They Cause a Riot in Which Several Persons Were Injured.

Charlotte, N. C., May 17.—In a collision between a party of drunken negroes and some white merchants in the little town of Four Oaks Tuesday night, Policeman Sanderline was badly hurt and 18 or 20 people altogether sustained injuries.

Eighteen drunken negroes, railroad and timber cutters, all armed, went to the little village threatening to kill every white man there. The negroes commenced cursing everybody and raised a disturbance. The town policeman, John Sanderline, attempted to arrest a negro for disorderly conduct, whereupon the negroes mobbed him, beating him into insensibility. A number of white men came to the policeman's aid and a general fight ensued.

Several negroes were wounded, but none fatally, and several white men were injured.

The negroes sent word that they intended to visit the town again and kill the policeman.

Has a Mouse That Sings.

Temple, Tex., May 17.—Mrs. M. E. Marshall of Brownwood is visiting in the city. Mrs. Marshall is owner of the celebrated singing mouse that has attracted so much attention in this part of the state. Hundreds of persons have heard the wonderful creature and there are stacks of reliable testimony to the effect that the mouse does sing in a very musical voice and a variety of notes that places it on a par with the canary bird. Mrs. Marshall has the mouse with her.

To Bore for Oil.

Bremont, Tex., May 17.—Five miles east of Bremont, J. C. Roberts, A. C. Walker and W. A. Rumpie have contracted with a party to put in a test well for oil and work will commence in a few days. The surface indications are favorable for coal, oil and gas.

Verdict for the State.

Corsicana, Tex., May 17.—In the case of the State of Texas vs. E. McGee et al on a saloonkeeper's bond to enforce the penalty for maintaining a screen in a saloon in this city, a jury in the district court returned a verdict for the state in the sum of \$500.

Refused to Marry Them.

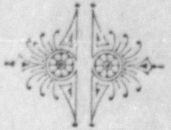

New York, May 17.—Rev. Dr. Morgan refused to marry a couple after the guests assembled in the fashionable church of Heavenly Rest because the bride was divorced, and the ceremony was performed at Delmonico's by Rev. Dr. Evans.

They say if our beloved dead
Should seek the old, familiar place,
Some stranger would be there instead,
And they would find no welcome place.

I cannot tell how it might be
In other homes, but this I know,
Could my lost darling come to me
That she would never find it so.

Often the flowers have come and gone,
Often the winter winds have blown,
The while her peaceful rest went on,
And I have learned to live alone.

How slowly learned from day to day
In all life's task to bear my part;
But whether grave or whether gay,
I hide her sweet memory in my heart.

Fond, faithful love has blest my way,
And friends around me, true and tried;
They have their place but her's today,
Is empty as the day she died.

How would I spring with bated breath
And joy too deep for word or sign,
To take my darling mother home from death
And once again to call her mine.

I dare not dream the blissful dream,
It fills my heart with wild unrest;
Where yonder cold white marble's gleam,
She still must slumber—God knows best.

But this I know, that those who say
Our best beloved would find no place
Have never hungered every day,
Hours and hours for my mother's face.

KENTUCKY REPUBLICANS.

They Are Holding Their State Con-
vention at Louisville.

Louisville, Ky., May 17.—The Repub-
lican state convention was called to
order at 2 o'clock this afternoon at
the Auditorium. The object of this
convention to elect delegates to the Re-
publican national convention. No ac-
tion will be taken regarding the se-

ON BOER SOIL.

British Army Enters the Transvaal and
Takes One Town.

London, May 17.—The British army
has entered the Transvaal country but
beyond the fact that no encounter has
occurred with Boers on their own soil
nothing is known.

The war office received the following
dispatch from General Roberts:

"Kroonstadt, May 17.—General Hunter
has entered the Transvaal and oc-
cupied Christiana without opposition,
the enemy having retired to Klerksdorp
under the impression that the latter will
be threatened by a portion of this force
from Parys. Rundle's force was close
to Clocolan yesterday evening. Country
clear of the enemy. The resident com-
missioner in Basutoland reports a num-
ber of Boers living in Ficksburg and
Bethlehem districts have applied to him
for advice and as to conditions of sur-
render.

"Methuen has reached a point 12 miles
on the Hoopstodt road without seeing
the enemy. Natives and local whites
confirmed the previous reports of the dis-
organization of the Free Staters. The
situation there is unchanged."

Baden-Powell Captures Boers.

Cape Town, May 17.—A special dis-
patch from Lorenzo Marques says on
Sunday Commandant Eloff, grandson of
President Kruger, with a patrol entered
Mafeking, whereupon Colonel Baden-
Powell opened fire on the burghers kill-
ing 17 and taking Eloff and 90 of his
men prisoners.

Welcome to Boer Envoys.

New York, May 17.—The official wel-
coming of the Boer envoys by Mayor
Van Wyck took place at 3 o'clock this
afternoon in the mayor's office at the
city hall. The mayor gave the envoys
the freedom of the city and presented
them copies of a resolution passed by
the municipal assembly. The party will
go from here to Washington. The mem-
bers refuse to talk about what they will
do in Washington or what they hope to
accomplish.

Buller Force Reaches Denehauser.

London, May 17.—The official an-
nouncement is made that Buller reports
the Second division of his army has
reached Denehauser, a little less than
half way between Dundee and New
Castle, Natal.

Severe Fighting at Mafeking.

Pretoria, May 15.—Official bulletin
announces the federal troops stormed
and occupied the forts around Mafeking
Sunday morning. The same night the
federals were surrounded, losing, as far
as known, seven killed, 17 wounded and
a number taken prisoners. The British
casualties are said to have been 50 killed
or wounded.

It is reported the advance guard of the
forces proceeding to the relief of Mafek-
ing from the south was repulsed yester-
day.

HAD TO GET OUR GOLD.

Parisian Bankers Borrow \$15,000,000
from the Banks of New York.

New York, May 17.—It is stated that
within the last fortnight bankers of
Paris have, through the Bank of France
negotiated a loan of \$15,000,000 from
New York bankers.

This money is needed to finance en-
terprises incident to the exposition year
in Paris. While France is one of the
richest countries in the world, its stock
of gold was insufficient to meet all de-
mands that have sprung up this year,
and the bankers of Paris have borrowed
here at comparatively low interest rates
in order to prevent any enterprise from
lagging.

Since Jan. 1 the Parisian bankers have
been attempting to make this loan. They
tried in vain to borrow money in Berlin,
but funds were high there. England
had all she could do to meet the ex-
penses of the Boer war, and prevent in-
dustrial stagnation at home. Russia
has plenty of gold, but she needs most
of it for her Trans-Siberian line and
other enterprises.

The big loan is to be shipped by in-
stallments, averaging about \$3,000,000
a week. The installments will continue
for about three weeks. The loan was
negotiated by the National City bank.

Neeley's Case Postponed.

New York, May 17.—The examination
of the charges against Charles F. Neeley,
accused of embezzlement of \$36,000 of
Cuban postal funds, has been postponed
for one week by United States Com-
missioner Shields. The removal of Neeley
to Cuba will first be fought on requisition
proceedings to be held before Gov.
Roosevelt in Albany.

May Yet Compromise.

St. Louis, May 17.—Although the
basis of settlement of the street railway
strike, which was agreed to by the
grievance committee and the Transit
company officials, was rejected Wednes-
day night by the executive committee of
the street railway employees, it is be-
lieved the two will be able to come
to some sort of agreement soon.

Dewey Will Not Withdraw.

withdraw and bases his hopes on the
uninstructed delegations voting against

MORE MEN NEEDED.

The Army in a Bad Way Without Legislation Is Pushed.

REDUCTION FORCED.

All the Volunteers Must Be Mastered Out by July 1 Next—This Will Not Leave Sufficient Fighting Force in the Field.

Washington, May 17.—Army officers are becoming more concerned than ever over the danger believed to be involved in the policy adopted by the war department authorities in not appealing to congress to provide for a permanent increase in the enlisted strength at the present session. The necessity of a continuance of all the present available force in the Philippines for at least another year is now regarded as indisputable, yet under the existing law it is imperative that a beginning must be made not later than November in the repatriation of troops serving there.

In the Philippines there are 31,000 regulars and 33,000 volunteers. By July 1 of next year all these volunteers must have been discharged from the service and the entire regular army on duty in the United States and the islands must be reduced to 27,000. Allowing 65,000 regulars for duty in the United States, Puerto Rico, Alaska and Hawaii, at least 43,000 men must be brought home from the Philippines before the end of the next fiscal year. With the present ocean transport facilities, neglecting chartered tramp steamers, which are hardly fit to carry mules and forage, it will take at least six months to return and discharge the number of men essential to reduce the army to its authorized strength.

It is declared to be out of the question to attempt any reduction of the force in the Philippines just now, when as a matter of fact many operations have been ineffective for lack of force, and it is feared that when reductions begin in November the departure of troops will have a disastrous effect by giving encouragement to Tagal leaders.

But this is nothing compared to the danger of protracted debate over the proposed permanent increase in the next session of congress. Little can be expected in the way of such legislation in December or January, and prominent officers frankly declare that the matter should be settled this summer.

Gage Before the Committee.

Washington, May 17.—Secretary Gage before the house committee on banking and currency on the bill restricting national bank officers and directors in making loans of the banks with which they are connected approved the general provisions as to officers but suggested modifications as to directors, which the committee will make. The secretary also pointed out that the provision limiting loans to 10 per cent of the capital was practically obsolete and suggested that the limitation be fixed at 2 per cent of the assets with a proviso for collateral security when this limitation ran above 10 per cent of the capital stock. The suggestion met with favor and probably will be recommended by the committee.

Believed to Be Taylor.

Carrollton, Mo., May 17.—The authorities here are beginning to believe that the man arrested in Oklahoma is really George Taylor, the escaped murderer. Since the first telegram announcing the arrest Sheriff Lewis of this county and the man who made the arrest have been in constant telegraphic communication. The sheriff has wired a minute description of Taylor and has also forwarded a photograph of him. He has asked that the prisoner be photographed and the photograph sent here. Taylor has been missing three years. He and his brother "Bill" Taylor murdered an entire family in Missouri and attempted to burn their bodies. Both escaped from prison. Bill was recaptured and hanged.

Murdered His Family.

Pekin, Ill., May 17.—One of the worst crimes that ever blotted Trazewell county's history was revealed Wednesday morning when the wife of Samuel Moser and his three little children were found shot to death at his home, 10 miles east of Pekin. The deed was committed Sunday night by the husband and father. The cause of the crime is attributed to the husband's objections to his wife attending church, he having been expelled from the Omish church two years ago.

Indians Becoming Restless.

Washington, May 17.—The secretary the interior has received information that the Indians on Tongue river in Montana are becoming restless and that an incipient "messiah craze" has made its appearance there. The officials believe that not much importance should be attached to these developments but the matter has been referred to the war department with the request that the military authorities at the nearest army post investigate and if necessary take steps to preserve order.

A Cotton Fraud.

Galveston, May 17.—The cotton exchange will take official action regarding the case brought to its attention by the Italian consul of a shipment by an interior concern of 600 bales of low, trashy cotton, mostly refuse from compress yards to Italian spinners for "Liverpool good middling." The Italians paid the drafts and were swindled out of 70,000 francs. This is the third case of fraud this season reported of this character.

HOLDUP THWARTED.

The Engineer Opens the Throttle and Escapes the Robbers.

Longview, Tex., May 17.—About 12:20 o'clock this morning while the through eastbound passenger train on the Texas and Pacific railway was taking water at Glade creek, near here, two men made an attempt to rob the train. Fireman Dobbs was covered by a pistol and ordered to get off the engine. Engineer Jaquish, taking the situation, opened wide throttle and dropped to the floor. The fireman succeeded in boarding the last car and all reached here safely.

IMPORTANT QUESTIONS.

The Race Problem and Compulsory Arbitration Discussed.

Chattanooga, May 17.—Two of the most important questions of the Southern Industrial convention were discussed today, the race problem and the question of compulsory arbitration. Speeches were made by leaders of the colored race, Prof. W. H. Council, principal of the Agricultural and Mechanical college for negroes at Normal, Ala., and H. T. Keating, editor of the African Methodist Church Review, Philadelphia, Pa. On the part of the whites the subject was discussed by Dr. W. T. Cole of Waco, Tex.

The subject of compulsory arbitration proved to be one of the most interesting before the convention. Able papers were read by Hon. John W. Faxon, cashier of the First National bank of this city; General John T. Wilder, pension agent for the southern district, and N. F. Thompson, secretary of the Southern Industrial convention. A general discussion followed.

H. H. Hargrove of Shreveport, La., was elected president and New Orleans was chosen the place of the next semi-annual meeting.

NO SETTLEMENT.

Metal Trades Association and Machinists Cannot Settle Differences.

New York, May 17.—It is feared that the arbitration committees of the National Metal Trades' association and of the International Association of Machinists, who have been in session for nearly a week, are hopelessly deadlocked.

Much depends upon reaching an amicable adjustment, especially to manufacturers and machinists in the west. Unless matters are adjusted the country will witness one of the most serious disputes between capital and labor that has been seen in years.

A member of the National Metal Trades' association, who declined to permit the use of his name, said:

"I am discouraged. A few minutes ago I believed a satisfactory settlement was in sight. Now everything has gone by the board. The demands made by the International Association of Machinists constitute the toughest proposition the manufacturers of this country ever went up against. I don't believe now there is much chance for a settlement. I think the best thing we can do is to present our side of the question in an address to the people."

No member of either committee would give any information relative to the points in dispute.

Unless a settlement is reached, not only with strikes which were temporarily declared off pending arbitration be renewed, but the trouble will spread.

RELIGIOUS.

Presbyterians at Atlanta.

Atlanta, May 17.—Nearly 200 commissioners, representing every Presbytery included in the southern general assembly of the Presbyterian church, were present when the retiring moderator, Rev. J. F. Gannon of St. Louis, opened the thirty-ninth annual session of the general assembly this morning. The session began with devotional exercises, the feature being an eloquent sermon preached by Dr. Gannon. No business was translated at the afternoon session the time being devoted by secretaries to making arrangements for their work and by the newly elected moderator to appointment of committees. No effort will be made to revise the creed.

Rev. J. W. Martin of Arkansas was elected moderator.

Cumberlanders at Chattanooga.

Chattanooga, May 17.—The general assembly of the Cumberland Presbyterian church convened here at 10:30 o'clock this morning with about 250 appointed commissioners present. The commissioners report 126 presbyteries in the territory extending from Pennsylvania to California and from Iowa to Louisiana.

Presbyterian General Assembly.

St. Louis, May 17.—The Presbyterian general assembly convened here today with nearly 1000 commissioners and delegates present and probably will be in session two weeks. The main question to come before the assembly will be the revision of the creed.

Murdered Man's Widow Indicted.

Poplar Bluff, Mo., May 17.—A sensational development has appeared in the Frank Green murder case. It was charged that James Duly and J. W. Morgan beat Green to death with clubs on March 31, last. But the grand jury has indicted Mrs. Green, the murdered man's widow, as well as Duly and Morgan.

Suicide at Alvarado.

Alvarado, Tex., May 17.—E. B. Wagoner, committed suicide here by hanging himself. He left a note stating that life had no charms for him, and directing how he desired some of his possessions disposed of. He was about 50 years old and leaves a wife and several children.
